

I sincerely hope you enjoy reading our drinks list as much as we have enjoyed creating it for you. Help let us know if there are drinks you like to see on the drinks menu, we will do our best to list it on our list.

To ease your guilt, here are few quotes I would like to share with you about drinking.....

Pauline Lai, proprietor of Mandarin

- **It is well to remember that there are five reasons for drinking: the arrival of good friends, one's present or future thirst, the excellence of the wine, or any other reason!**
- **Wine is poetry in a bottle!**
- **Beer is proof that god loves us and wants us to be happy**
- **A woman drove me to drink and I didn't even have the decency to thank her.**
- **I don't have a drinking problem. I drink. I get drunk. I fall down, no problem**
- **A good wine can really bring the profoundness out of anyone**

And my all-time favourite, sorry to be sexist...

Men are like a fine wine, they all start out like grapes, and it's our job to stomp on them and keep them in the dark until they mature into something you'd like to have dinner with!
